

Heat Sets New Marks

Some Relief In Northern Sections

By The Associated Press

Summer poured record-cracking heat on the east and south Thursday.

Nature, like a dub golfer, went out to break 100. It did in some places. And, in many places where it didn't, it came uncomfortably close.

The two-day toll of heat deaths rose to 40.

The pace of life and business was slowed. Thousands of workers left their jobs.

A cool front, moving southeastward, cut down the size of the vast swelterbelt, but it didn't reach millions still caught in the vast heat trap.

Record At Boston

Boston's 100.2 set a new all-time high for June. Many business houses there closed early, and the state house was manned by a skeleton force.

New York City's temperature reached 96.8, an all-time high for the date. Mayor Vincent R. Impellitteri told city department heads they could send employees home—except those on vital or emergency duty. Many business houses also liberated workers.

William Kennedy, the government's chief meteorologist at Bear Mountain, N. Y., said the weather station at Newburgh, N. Y., reported 105—the hottest in Hudson valley records.

President Truman canceled a news conference set for mid-afternoon in Washington. The mercury there hit 100 at 3 p.m. CDT, passing the old record for June 26 on the way up. It was the capital's hottest day of the year. Several hundred government workers were released.

At Pittsburgh

Pennsylvania sizzled. Pittsburgh's 98 broke the high mark for the date set in 1945. It was also 98 in Harrisburg, and 100 in Reading. In Philadelphia, downtown stores with air conditioning were crowded, and policemen were permitted to take off their ties and unbuckle their shirts.

Many Ohio cities had record readings. Youngstown had 102. Ferro Machine and Foundry, Inc., told 2,400 employees to go home at noon and not to return until Monday.

In Detroit, where a new peak for the date—98—was reached at 1 p.m., about 24,000 auto workers had a heat holiday. Evansville, Ind., had a 101 temperature.

Dry winds and 100 degree weather raised prospects of bans on lawn sprinkling in two west Texas cities named, ironically, Big Spring and Sweetwater.

Missouri Drought

Southern Missouri is suffering from the worst drought on record for the early growing season. Stockmen are worried about feed and pasture. Temperatures in that section have been in the high 90s since June 1.

The tremendous heat belt was whittled down by a cool front that is moving in a southeasterly direction. The front extended from the northeast corner of New York state, southwestward across Michigan, northern Illinois and northern Missouri Thursday afternoon.

A shift of wind to the northeast broke Chicago's fever. The temperature there dropped from 87 to 77 in three hours. An overnight low of 66 was forecast.

Cooler weather was predicted for most of the Midwest.

Hail storms Wednesday night and early Thursday battered a strip about 50 miles long and two to eight miles wide in three western Nebraska counties. Editor Jack Lowe of the Sidney, Neb., Telegraph, on the basis of the value and acreage of the wheat involved, estimated the damage at \$3,000,000.

Reds Say Allies May Expand War

Munsan, Friday, June 27.—(AP)—A Communist warning of expanded warfare in Korea held the attention of Allied treaty negotiators today.

The warning, by North Korean Gen. Nam Il, came out of the armistice talks which are deadlocked on the prisoner of war exchange issue.

Negotiators from both sides are to meet again today at Panmunjom, at 11 a.m. (9 p.m. CDT, Thursday).

In the talks Thursday Nam Il again protested against the resumption of the Allied screening of prisoners on Koje island and the planned release of 27,000 civilian internees.

"Your side is taking steps which threaten to expand the war," the North Korean said during the negotiators' 35-minute meeting.

The Allies staunchly refuse to force any POW to return to North Korea or China. The Communist demand the return of all military captives.

Infantrymen Wrest Hill From Chinese

Seoul, Friday, June 27.—(AP)—United Nations infantrymen with flamethrowers wrested a hill from the Chinese Reds Thursday in a battle that lasted more than five hours.

The action on the western front, northwest of Yonchon, saw the Communists using armored vehicles for the first time in weeks.

An Eighth army spokesman said the armored vehicles supported a Communist infantry platoon on the hilltop. The U. N. troops drove off the enemy, and destroyed bunkers on the hill with the flamethrowers. There was no report on enemy casualties, nor as to whether U. N. troops remained on the hill.

Allied planes supporting the ground troops damaged at least one of the armored vehicles, which the army spokesman said were probably either Russian-built T-34 tanks or self-propelled guns.

The hill battle was the most significant ground action of the day along the 155-mile battlefield.

Allied planes targeted the whole battlefield taking Communist positions with rockets, napalm and bombs. Pilots reported they destroyed two operational air strips behind Communist lines on the central front.

Defeat Proposal To Deny Envoy To Vatican

Washington, June 26.—(AP)—A provision designed to bar the president from sending an ambassador to the Vatican without Senate approval was eliminated from an appropriations bill by the Senate today.

The provision had been put into the bill by the House.

No objection was voiced to the Senate move, and there was no debate before the vote was taken. Elimination of the provision had been recommended by the Senate Appropriations Committee when it reported out a bill appropriating more than one billion dollars for the State, Commerce and Justice Departments. The money is for the fiscal year starting July 1.

The question of an ambassador to the Vatican was hotly debated last year after President Truman announced he was appointing Gen. Mark Clark to represent this government in the papal state.

Protestant churchmen protested vigorously, saying the action was not in keeping with the traditional U. S. policy of separating church and state.

Advocates Lower Insurance Charges For Good Drivers

Chicago, June 26.—(AP)—State Insurance Director J. Edward Day today proposed lower auto insurance rates for motorists with accident-free driving records.

Day said statistics show 20 per cent of all drivers cause 80 per cent of all auto accidents and cited this as the major reason for asking insurance firms to consider rewarding safe drivers.

"Some form of rate reduction" would encourage safe driving, Day said, "because motorists would know that careless driving would pinch them where it hurts most, their pocketbooks."

He said, whose department is required to see that auto insurance rates are not "excessive, inadequate, or unfairly discriminatory," said most companies and agents oppose special rates for safe drivers.

He said they object because most drivers would qualify for low rates and because the firms believe rates for other motorists would be unjustifiably high.

VIEW HIGHER RATES

Chicago, June 26.—(AP)—Chicago barbers will vote next month on a proposal to boost the price of men's haircuts as high as \$1.75.

Currently haircuts cost \$1.35 on week days and \$1.50 on Saturdays and days before holidays.

Defiant Warden Quells Kentucky Prison Riot

Eddyville, Ky., June 26.—(AP)—Approximately 300 mutinous convicts in the Kentucky state prison surrendered early tonight after eight hours of rioting in which eight convicts and a guard were injured.

The prisoners, barricaded in a three-story building, capitulated at 7:15 p.m. (EST) as a small army of state police and prison guards stood ready to march upon them.

Warden Jess Buchanan announced that no concessions were granted to the mutineers.

The convicts had demanded resignation of a deputy warden and a dining room steward, elimination of "brutality," abolition of daily drills and five other concessions.

Dr. W. E. Watson, state director of corrections, told the rioters they would have to surrender unconditionally.

He added grimly that he would "not be responsible for what happened" if the prisoners harmed Charles McChesney, 41-year-old foreman of the prison garment factory, who had been held hostage throughout the day.

McChesney walked out unharmed. The men, upon surrendering, filed

House Tightens Rein On Executive Powers

Washington, June 26.—(AP)—The House today reversed an earlier decision to end all wage and price controls on July 30, but insisted that there be no price control after June 30 on things not rationed or allocated. That would mean an end to price ceilings on nearly everything.

The House knocked out by roll-call vote of 244 to 150 the Barden (D-N.C.) amendment to the Defense Production act to end all controls on July 31. It previously had tentatively approved the amendment by a standing vote of 118 to 87.

But the House left the riddled controls measure a ban against putting price ceilings after next Monday on anything not rationed or not subject to government allocation. The effect of this provision would be to virtually end price controls, so far as the House is concerned, since nothing is rationed and only a few metals are under allocations.

The vote was 211 to 185.

The bill, which is subject to adjustment in a Senate-House conference, also would replace the present Wage Stabilization Board and provide for an end to rent control next Sept. 30 in any, if not most, areas where rents are now controlled.

One of the worst setbacks handed President Truman in recent years, the legislation as written by the House contains none of the new controls power the president wanted and would take away much of the power he already had.

It is the handiwork of a coalition of House Republicans and Southern Democrats who bested administration forces in every major fight.

Laborers Set Up Picket Lines At A-Energy Project

Paducah, Ky., June 26.—(AP)—Most of the 4,500 AFL laborers employed on the half-billion-dollar Paducah atomic energy project walked off the job today. A picket line was set up.

Even Dale, head of the American Federation of Labor pool supplying laborers for the plant, called the walkout "unauthorized."

He said the walkout was caused by reports of a denial by the Wage Stabilization Board of the laborers' month-old request for a wage increase.

The reports were circulated by agitators, using fake copies of telegrams to bring about the work stoppage, Dale declared. He said he thought Communist infiltration may have caused the trouble.

Dale reported late today that the 15-cent hourly wage boost had been granted. However, P. H. McGraw, company officials said they had received no confirmation of the award. It also said it had not seen nor heard of the alleged circulation of the fake telegrams.

Among the laborers' duties is carrying water to construction crews. It appeared for a time a water shortage and the intense heat might cause a shutdown of the construction project. However, McGraw officials said they had succeeded in getting enough water to the workers to keep work going.

One laborer, William Collins, was injured seriously late today when struck by a car driven by an unidentified man driving through an intersection before the plant entrance.

No official figures now are made public on the total number of workers at the plant but it was estimated recently there are between 18,000 and 20,000.

Quiz Kids Attend Chicago Reunion

Chicago, June 26.—(AP)—More than 200 of radio's "Quiz Kids," past, present and future, convened in Chicago today to celebrate the 12th anniversary of the radio show.

The youngsters, whose mental feats have entertained an estimated 10 million listeners weekly for a dozen years, were feted at a two-and-a-half hour party.

During the party, a one-hour anniversary radio show to be aired Saturday was taped, recorded, using former, present and future panelists on the broadcast. Future quiz kids are kiddies, 3 to 5 years of age, who are children of some of the earliest panel members.

Presiding over today's ceremonies was quizmaster Joe Kelly, who has been on the radio (and TV) show since its inception.

Senators Boost Security Payments

Washington, June 26.—(AP)—The Senate late today passed a bill increasing social security payments by \$40 million dollars a year. The chamber voted to boost the benefits in a bill already approved by the House by 240 millions.

The measure—on the congressional must list before adjournment—now goes to conference with the House to adjust differences in the separate versions.

The House bill hiked the social security insurance payments by 300 million a year.

Layoffs Increase As Truman Fails To Use Taft Law

250,000 In Allied Lines Out Of Work

Pittsburgh, June 26.—(AP)—More than a quarter-million workers in steel-using industries are temporarily jobless today in the 25-day-old strike of 650,000 CIO United Steelworkers.

More lay-offs in allied industry threaten. Relatively large steel supplies still on hand, however, in plants of steel consumers, are likely to keep the total from skyrocketing for about two weeks.

The current jobless figure is around 239,370, counting those laid off and workers ordered laid off in coming days.

The steel strike is costing USW members an estimated 49 million dollars a week in total pay losses.

The nation is losing 1,539,000 tons of steel production each week of the walkout. Mills which are working under new contracts or mills which don't deal with the USW are producing about 252,000 tons of steel each week. Before the strike, the steel industry was working at full capacity and making 2,090,000 tons of steel each week. This week the industry is operating at 12 per cent of capacity.

To Get Worse

The automobile manufacturing industry, which already counts its strike-idled employees in the thousands, expects harder blows next week.

Automotive News, a trade paper in Detroit, said the steel crisis will take "its first big bite out of final assembly operations" in a few days.

Buick Motors in Flint, Mich., reported it will halt shipments of sub-assemblies to Buick-Oldsmobile-Pontiac assembly plants after tomorrow for lack of steel about 6,700 workers will be put on part time.

Some Companies Yield

The union continues to make some progress in signing up smaller steel companies to contracts along the lines of the Wage Stabilization Board's recommendation for a 26-cent hourly pay increase package and a union shop.

Most of the two score firms which have signed up already had the union shop. Some agreed to whatever settlement of that issue is worked out between the union and the large steel producing companies.

Chicago Orders Odd Jobs, Light Work For Strikers

Chicago, June 26.—(AP)—Chicago's welfare chief said today striking CIO Steelworkers must do odd jobs in "public projects" if they want to collect food allowances from the city.

Commissioner Alvin E. Rose said needy steelworkers who are able to work will do light, unskilled tasks under the city's "work-for-your-welfare" program.

Rose said the men would work off their food checks at an hourly rate of 75 cents to \$1.

The food allowance for a single man is \$40 a month. For a family of two adults and three children it's \$71 a month.

Rose said some 300 strikers have applied to the city for welfare aid in the last three days.

Those granted aid will be assigned to clear vacant city-owned lots as playgrounds, do maintenance work on the lake front, and perform record-keeping and similar chores for city departments.

Romero Shows Police How He Killed Woman

St. Louis, June 26.—(AP)—The young Mexican lover of Mrs. Irene Thompson, 32-year-old housewife, re-enacted for prosecutors and police today how he killed her in the hotel room where her scantily clad body was found.

Officers reported 22-year-old Jose Romero gave a realistic demonstration of how he struggled with the attractive Mrs. Thompson, mother of a two-year-old girl, and strangled her with her own electric iron cord.

They said at first Romero appeared troubled after he was returned handcuffed to the room but as the re-enactment progressed he seemed to enjoy it. It was recorded on film. He smoked cigarettes during pauses between film changes.

Romero surrendered yesterday, returning from New Mexico where he had fled. Police Capt. John Buck said the youth signed a statement admitting he killed his former dance

Acheson Apologizes To British

London, June 26.—(AP)—Secretary of State Dean Acheson apologized today at a private meeting of parliament members for keeping the British in the dark about plans to bomb Korean power plants along the Yalu, informed sources reported.

The U. S. secretary of state in a meeting with Foreign Secretary Anthony Eden drafted a plan to give Britain a bigger hand in United Nations military moves in Korea in the future as a result of the uproar over the massive air attack.

An informed source said Acheson, with the approval of President Truman, declared the United States would welcome a closer link with Britain in the American-directed United Nations operations.

Earlier Prime Minister Winston Churchill was reported to be asking that a high ranking British military man be appointed to the U. N. command to take part in planning and policy and keep London informed on what is afoot.

Massive air strikes early this week, which leveled formerly immune power plants that supplied Red China's Manchurian industry as well as North Korea, created a political storm here.

Clement Attlee, former Labor prime minister, charged the bombing threatened to upset the truce talks and carried the peril of total war with Red China. He used the incident to belabor the Churchill government with the general Labor charge of having no Korean policy of its own and of riding American coattails.

Non-Whites Launch Defiance Campaign In South Africa

Johannesburg, South Africa, June 26.—(AP)—South African non-whites launched a campaign of defiance today against the nationalist government's race-segregation laws. Alarmed police promptly jailed 132 who purposefully broke the laws and chants of "Arise Africa" and clenched-fist salutes.

The long-heralded campaign of civil disobedience started on a small scale with military precision. Leaders urged the demonstrators to avoid violence and none was reported.

In the first action, 30 Negroes including two women calmly walked through a railway station reserved exclusively for whites. Within 10 minutes, pistol-packing policemen hustled them off to prison.

Fifty other Negroes and Indians drove in a fleet of cars from Johannesburg to the neighboring gold-mining town of Boksburg. The Negroes weren't carrying the identity papers, tax and movement permits required of all non-whites. The Indians deliberately crossed forbidden race boundaries.

In the Boksburg action, the police—who have been reinforced for days in anticipation of the campaign—were caught off balance. They had concentrated their watch in the industrial areas, and it took them two confused hours to round up the law-breakers.

The non-white population outnumbered the whites of this country four to one. Although all whites—in fear of being overrun by this majority—favor some kind of control of non-whites, they are bitterly split over how these controls should be imposed. The opposition united party feels the Malan regime is going to extremes which threaten the constitution and the Democratic processes of government.

NAME NEW PRINCIPAL FOR CATHEDRAL HIGH

Springfield, Ill., June 26.—(AP)—Rev. Eugene Sullivan, an instructor at St. Patrick's high school, Kankakee, will become principal of Cathedral high school, Springfield, July 7.

The present principal, Rev. William A. Harris, who has served for the last three years, will be relieved because of failing health. Both schools are operated by the Visitation Order.

Nation Loses 6 Million Tons Of Steel

Washington, June 26.—(AP)—President Truman today dropped what looked like a broad hint that he still considers it impractical to invoke the Taft-Hartley act to stop the steel strike.

He told a group of visiting school children the president "is supposed to carry out the legislative acts which the Congress passes when it is possible for them to be carried out."

But, Truman said, sometimes it isn't possible. He did not say he was thinking about the Taft-Hartley act, which the House and Senate have requested him to use.

The act allows the administration to ask a federal court for an order halting the strike for 80 days. Truman has used that part of the law to stop national emergency strikes nine times. But he has said time and again he doesn't like the law. He vetoed it when Congress sent it to him in 1947 and he has said the striking CIO steelworkers, through a voluntary strike postponement last winter and spring, more than met the 80-day cooling-off period provided in the law.

"Disastrous"

"The crippling, nation-wide strike has already cost around 64 million tons of the vital defense metal. Acting defense mobilizer John R. Steelman in a Dallas, Tex., speech today called it a 'disastrous work stoppage.'"

Despite the president's statement that he cannot always carry out the laws of congress, there was a well-defined feeling in official quarters that he would eventually use the Taft-Hartley act if a contract settlement isn't reached soon. But some observers saw glimmers of settlement hope in the gloomy strike picture.

Demand Climbs

1. The sudden loss of six million tons of steel has shaken loose about all the spare steel in the country. Demand for all types of steel is climbing to a peak, following the spring build-up of surplus stocks of some types of the metal.

2. The striking steelworkers, more than 600,000 of them, have already lost more than 250 million dollars in wages. Hardship cases were multiplying in all the nation's steel centers.

3. The nation as a whole was beginning to sense a catastrophe in the making if the strike continues much longer. Thus indefinable pressure could be expected to bear on both sides and force more compromising across the bargaining table.

4. Rep. Halleck (R-Ind.), Republican whip, said flatly yesterday the strike would be settled within a week. He didn't elaborate.

Biggest issue in the eight-month contract fight is a union demand for the union ship, under which all steel workers could be compelled to join the union. The old contract ran out Dec. 31.

GIRL STATERS SHOULD APPLY OLD TESTS TO NEW CAMPAIGN CUSTOMS

More than 400 delegates to the twelfth annual assembly of Illinois Girls State are convened in Jacksonville almost on the eve of the national political conventions in Chicago. The girls couldn't have gotten together at more opportune time to study the American form of government and see how it is put together.

They will nominate and elect their own city, county, and state officials to rule over mythical units of government. After adjournment early in July they can return home and watch and listen to two stirring dramas, when Republican and Democrat delegates nominate national candidates. Later in the year these young women, chosen by American Legion Auxiliaries throughout the state, will have opportunity to observe what probably will be the greatest presidential campaign of this century. It is almost regrettable the girls will not be old enough to vote.

The instruction and training they receive at Girls State, however will equip them for more intelligent citizenship in the future. By the time the 1956 presidential election rolls around some of them will be of voting age.

These teen-agers started life in a period when campaign technique was revolutionized by television which followed on the heels of radio. Their parents first heard candidates speak over the air, but did not see them. Their grandparents, in their earlier years, neither heard nor saw presidential aspirants except in person. The young people of the present who have merely to turn a knob to bring in voices and images of candidates for high office should stick to time-tested standards by which to judge those who offer their services to the public.

How would Abraham Lincoln have fared against Stephen A. Douglas in televised debates?

Would the cameras and microphones have picked up and recorded without distortion Lincoln's simple sincerity, his inner-appeal by which he swayed audiences in person?

Douglas, the Little Giant, was eye-pleasing, fluent, fiery. Under the floodlights, behind sensitive microphones, would Lincoln with his deliberate style of delivery, his rather high-pitched voice, have held his own against more polished orators?

Theodore Roosevelt had a brusque way that audiences loved. But his voice was often husky. Even with his infectious grin, would TV and radio have done him justice?

William Jennings Bryan, the silver-tongued orator, knocked persistently on the doors of the White House. Would TV have been the secret password to his entrance? Thousands heard him then, while millions hear the presidential candidates of 1952.

No doubt many believe that political results would have been the same for these great Americans under any circumstances. Yet the vast audiences which see and hear candidates by the magic of modern inventions should not blind themselves to the basic tests by which candidates should be weighed.

What do these candidates stand for?

Are their avowed policies the best for the nation they seek to represent?

Are they sincere in their beliefs?

Do they measure up to the job — not because they possess photogenic charm or oratorical talent, but because they have vision, courage, administrative ability, and leadership to steer the Ship of State with steady and unerring hands?

As the young citizens of Girls State pass through their formative years and become voters, they should bear in mind the great Americans who may not have done so well on a TV scorecard. The man who enters the White House early next year faces something more than a four year picture show.

Boyle's Column

DENVER, (AP)—Travel notes from a curbside philosopher's diary. The American world today is more sensitive and more interested in the Korean situation than any other section of the nation.

"What can we do about it?" the people ask.

They have no pat answers to it. They want it solved. But they are tired of the cut and dried approach to the problem.

A lot of sons from this area have fought in Korea. Many are still there. The Western people accept the sacrifice of military service as a national duty, more readily, one feels passing through, than some other parts of America do.

But if either the Republican or Democratic party—or the State Department—has a first avenue of solution to the stalemate with the Chinese Reds, it is most likely of acceptance here.

In New Mexico I visited a suburb where they have a local zoning law that prohibits the creation of home-steads of less than two-and-one-half acres.

To one like me who lives in the East where the row-on-row houses shoulder each other, it seemed like a wise provision.

Most of the sympathy that people feel for semi-savages is wasted. Just because someone doesn't enjoy the plumbing that you do is no proof that he doesn't have more fun out of life.

A case in point is the average Indian who ambushes the visiting tourist everywhere in the West, offering him for sale feathered moccasins made in Brooklyn or silver

souvenirs imported from Mexico. The Eastern tourist feels obligated to buy something from one of those noble sidewalk redskins. He feels upon himself the entire enormous guilt of having stolen the United States from its original settlers.

The stoical Indian holding out a beaded pocketbook for sale on a western street corner isn't dreaming of the race's past glory. All he wants to do is sell his wares to some sentimental visitor, and go home and have to his family like any other good businessman.

There is a tremendous fact about his son, when he puts on a khaki uniform and fights the white man's war. He is a more formidable and dependable warrior than Uncle Sam, than even his ancestors were in the tomhawk defense of their tribal ideals.

Solid gallium will melt in a man's hand, but will not boil until heated to about 3600 degrees Fahrenheit.

CHURCH HAS 166TH ANNIVERSARY

New Glasgow, Canada.—P—The First Presbyterian church celebrated its 166th anniversary here with services at which Rev. Norman Kennedy, of Regina, moderator of the Presbyterian church in Canada, was guest speaker. The local church began in 1786 under the name "James Church."

FEWER CORN BORERS

Des Moines, Ia.—P—Fewer live corn borers were found in Iowa corn fields this spring than at this time last year. Harold Gunderson, Iowa State College extension entomologist, reports.

In the annual spring borer survey nearly half of the borer found in disk stalk fields were dead. But the counts vary widely, both in per cent of dead borer and in total number per acre. Percentage of dead borers varied from 30 to 68 in five western Iowa counties surveyed.

JOHNSON IN HOLLYWOOD

BY ERSKINE JOHNSON

NEA Staff Correspondent

Hollywood — (NEA) — Guys and Dolls. Fear of how Hollywood would use her as a grown-up star, Mitzi Green confessed, kept her off the screen until this year.

With roles in "Abbott and Costello Lost in Alaska" and "Bloodhounds of Broadway" to her credit now that she's over her jitters about Hollywood, the one-time child star told me:

"I had to break down some illusions about myself. I'd been a child star. And I'd been a star after that—in night clubs and on the stage. I think I saw myself as a Carole Lombard type. Now I know better. I'll be very happy just to get good comedy roles."

Mitzi to the "Did you make a fortune as a child star?" question: "I made \$400 a week at first. Then \$650. But just when I was ready to hit the big money, \$1250 a week, they let me go. I was too old! I was all of 11 years old."

SINGER TURNED ACTOR

Keith Andes, the ladies' new heart throb—he plays Marilyn Monroe's boy friend in "Clash by Night"—and just about steak—the film—has shelved his singing career to man-handle movie dolls.

Swashbuckling it as the bare-chested hero with Linda Darnell as his lady fair in "Blackbeard the Pirate," Keith dismissed his warbling in a Broadway revival of "The Chocolate Soldier" and in "Kiss Me Kate" with:

"RKO hired me as a singer but I'm very happy about being turned into an actor. After I'm established as an actor maybe I'll sing, but I doubt it."

Keith spent a year under contract to David O. Selznick without facing a camera. Selznick spotted him in "Winged Victory." Then RKO signed him and another year went by before he was cast in "Clash by Night."

If Jean Simmons wins her battle to leave RKO this month, she won't sign on the dotted line with any other studio.

Not for a year or more, anyhow.

"I want to free-lance," gorgeous Jean—with the shortest hairdo this side of Jerry Lewis—told me on RKO's "Beautiful, But Dangerous" set. "I've been under contract to studios since I was 14. I'd like to be free for a little bit—to settle down and get my feet where I want to put them."

Some of his other co-stars may not have liked Bob Mitchum, but Jean's jumping for joy at the chance to work with him and even calls him "a great actor."

"Why, the mug is wonderful in comedy," she gushed. "He's a kind of a Crosby actor—relaxed and casual. And that's the hardest kind of actor to be."

SHUDDERS AT KILLER ROLE

Richard Widmark's shuddering about it, but he's Tommy Udo again. Tommy, the maniacal killer with the unholy laugh created by Widmark for "Kiss of Death" in 1946, is back, but with another name for one of the five O'Henry stories in Fox's "Bagdad on the Subway."

Except for the name Tommy's the same—black shirt, white tie, big teeth and that laugh.

"I didn't want to play Tommy again," Widmark confessed on the set of his new comedy-drama "Big Man," "because it's taken me so long to escape him. Repeating a character is not very effective. But the studio insisted on it and argued that it was only for a 20-minute sequence and not in a full-length feature."

"But this, I assure you, is the end of Tommy Udo. I'll NEVER play him again."

It's getting tougher and tougher on pool Maureen O'Hara—there just aren't enough derring-do lads around to qualify as leading men in her swashbuckling flickers. Leaping, fighting, rolling Maureen, who's at the action stuff again in "Cattle Kate," makes most male stars look about as energetic as demonstrators of contour chairs.

And she's complaining: "Movies thrived on stars like Doug Fairbanks, Ronald Colman and Ty Power, who could take off their shirts, swing on ropes, leap from balcony to balcony and ride like blazes. So many actors these days can play in psychological dramas. But they can't do anything else."

"We had to hold off making 'Against All Flags' for two years until Errol Flynn was available. And do you know why? Nobody else could handle the role."

A movie kid who's crazy about submarines has named his Great Dane "Periscope." Goes around the studio all day shouting to the pooch "Down Periscope."

Good news for Belita in Paris. Her French medics say that her broken leg is now as good as new and that she can skate again.

Best Way to Stop Accidents Is to Identify Accident-Prone

BY EDWIN P. JORDAN, M.D.
Written for NEA Service

One of the most pressing problems of today is the prevention of accidents. Thousands of deaths are caused each year by unnecessary and avoidable accidents, and our hospitals offer constant testimony to the other thousands who are injured.

There are many of us who might now be lying injured in a hospital who have escaped accidents as a result of precautions taken in numerous industries, safety measures on the highways and other steps. Much more remains to be done.

One problem is to identify those people who are particularly likely to be involved in accidents. In recent years such persons have been called "accident-prone."

In the state of Connecticut, a six-year study showed that about 4 percent of drivers of automobiles involved in traffic accidents are involved in more than one-third of all such accidents.

The same thing applies in industry. For example, a large trucking company has reduced its accident rate to one-fifth of its previous record merely by discovering those drivers who were accident prone and transferring them to other duties.

All this may mean life or death to the rest of us because at any time we may get tangled up at a stop light with someone who just cannot stay out of trouble.

This was only too well shown in the tragic death of Margaret Mitchell, the author of "Gone With the Wind," who was hit by an automobile driven by a man who had a record of many, many traffic violations.

Part of the answer to this question is to rule off the streets those likely to produce the most accidents. Part of it is to identify individuals in industries who are likely to cause accidents to themselves or to others.

Besides a record of violating the law (which offers a good clue) there

are other ways of picking out these dangerous persons. THEY ARE IMPULSIVE. It has been pointed out, for example, that the accident-prone individual is "decisive" or even "impulsive." He (or she) concentrates upon immediate pleasures or satisfactions and is apt to act upon the spur of the moment.

The accident-prone person is believed to have an instinct of rebellion and resentment and to demonstrate the "show-off" and "don't-give-a-damn" type of psychology. It would be better for all of us if these "accident-prone" persons could be picked out and prevented, or at least discouraged, from placing themselves as well as the rest of us in danger of our lives.

If you're raising corn this year in that home garden, here's luck. We hope you won't be able to believe your ears.

When you don't say exactly what you mean you keep a lot more friends.

The beautiful home they built for themselves and their children two years ago is being offered as a bargain for a quick sale.

Reason: divorce. Outsiders rarely know the whole story behind the break-up of a home. They don't know it in this case, either.

But even outsiders can guess why the home they built with such care to include all the things they had long wanted in a house failed to make this family happy.

They started out with too-big ideas. The house itself was really beyond their means.

Then when the man of the house put his foot down and said: "Well, have to take things easy for a few years, make the furniture we have and cut down living expenses every way we can," his wife overruled him time after time.

HOUSE BECAME HEAVY DEBT TO THE FAMILY. The house had to be perfect, she thought. Such a nice place had to be a show place at once. So she called in an interior decorator and went all out for just the right draperies, carpeting, etc.

The World Today

By JAMES MARLOW

WASHINGTON (AP)—Here are the answers to a couple of questions about the political conventions, held this year in Chicago. The Republicans open their July 7. The Democrats follow July 21.

1. Why do the Democrats hold their convention after the Republicans finish theirs?

Answer: Just habit. There's no rule. But it's been happening that way, with two exceptions for almost 100 years.

2. Why do the parties pick the same city for their conventions? Answer: True, they've picked the same city the last three times. But most of their conventions before 1940 were held in different cities.

From now on, though, they'll probably always meet in the same city and the same convention hall.

This is why: The expense and problems involved in the news, radio and TV coverage are becoming so huge and complex it's best all around to meet in the same place.

The two Chicago conventions this year will be in the same hall. The Democrats and Republicans worked hand-in-glove making the arrangements.

It's saved them time, money and trouble. After the convention they can return to their usual occupation of happily trying to cut each other's throat.

Choosing the convention city is done by the national committees of both parties.

Actually, subcommittees of the big committees have been scouting around long before that. They keep these main points in mind:

1. Location. They usually pick a place most centrally located for all the delegates.

2. Facilities. This covers a lot of ground: hotel space, enough room in the convention hall itself to get the work done.

3. How much money a city is willing to kick in to get itself picked for the convention.

Chicago will give \$250,000 each to the two parties this year to help cover their expenses. The city hopes to get the money back in business, prestige and publicity.

WHAT'S RIGHT

You realize after you have spoken that you have made a tactless remark.

WRONG: Say, "That was tactless of me."

RIGHT: Either soften the remark by another to take away its sting—or change the subject.

MPC Suggests Action to Save Shortages of Material in 1975

BY PETER EDSON

Washington — (NEA) — A preview on the facts of life in 1975 has just been made by President Truman's Materials Policy Commission. This five-man group headed by William S. Paley of Columbia Broadcasting Co. has had a staff of over 100 experts at work for 15 months.

Its job has been to make a long-range survey on U. S. requirements, shortages, supply and demand for such basic materials as steel, copper, lead and zinc, electric power and petroleum products, coal, gas and timber.

The Paley Commission report, covering 800 pages in five huge volumes, will be sold by Government Printing Office for \$6.25 a set. But for other reasons than its high price, it will probably be ignored more than it deserves.

It is released just when Congress is trying to adjourn and when politics and scandal are the only subjects of popular interest.

The far-reaching Paley Commission recommendations for conservation practices, new legislation on import policies, the need for greater technological research and prospecting for new sources of materials will probably be criticized as another Truman effort to bring "planning" into the economy.

But when, in the next 25 years, materials shortages are even worse than they are today, the Paley Commission reports may be dug up and used as they should be.

Recommendations Agency to Take Action

While the Paley Commission goes out of existence when it hands its report to the President, Mr. Paley says that he for one intends to try to keep the subject alive. He believes that some government agency like National Security Resources Board should immediately start to carry out various recommendations that require no congressional action.

Industry groups, trade associations and private research organizations like Ford Foundation have also expressed an interest in further studies and action to see that the U. S. is not caught short on future supplies of energy and basic materials.

The Paley Commission forecast projections on materials demand start with the U. S. Bureau of Census estimates that U. S. population in 1975 will be about 193 million. This is an increase of 40 million in 25 years. The number of families will be increased from to-

day's 43 million to over 62 million. This is interpreted to mean that 19 million new houses and apartments must be built in the next 25 years. Considering replacement of old housing, it means a need of up to 16 million new dwelling units a year. This compares with the peak of 14 million new units in 1950.

In automobiles, it is assumed that the number of cars will increase from today's average of one car for every three adults to one car for every two to two and a half adults.

That means 62 million cars on the road by 1975. It means annual automobile production of up to 7.5 million cars a year, as compared to the 6.6 million manufactured in 1950.

Consumer Demand Will Be Doubled

If consumer expenditures for durable goods and household appliances like air conditioners and dishwashers continue to increase at present rates, the demand for them will be 50 per cent greater in 1975 than in the average home is mentioned.

The use of materials by railroads is projected as increasing by 100 per cent in the next 25 years. But for such new-fangled things as aircraft, plastics and synthetic fibers, the economists give up. There is no basis for forecasting how much their use will grow in the next generation. The only thing possible is a rough guess that these industries may increase by as much as 400 per cent in 25 years.

With 82 million workers in the U. S. labor force, instead of today's 62 million, it is estimated that the average work week will be about 15 per cent less than it is today, or 34 hours instead of 40.

Productivity per worker is expected to increase at the rate of 24 per cent a year, or 624 per cent over the 25-year period.

All this increased production means that the amount of industrial materials "chewed up" may be nearly doubled by 1975. The rates vary from 10 per cent more timber to 40 per cent more agricultural products and 2,000 per cent more magnesium.

Demand for energy of all forms—electric power, coal and petroleum products—is expected to double.

The Paley Commission made no attempt to predict what 1975 wage levels would be. But a number of factors are cited to indicate that the families will be increased from to-

Enjoy Iced Coffee on July 4th

ICED COFFEE—strong and clear—offers you the perfect Fourth of July cooler, but be sure to prepare it with good, hot coffee.

BY GAYNOR MADDOX

NEA Food and Markets Editor

One of the best coolers for the heat and excitement of the Fourth of July is a tall tinkling glass of strong iced coffee.

For bang-up success with your iced coffee, follow these expert suggestions. They will produce wonderful results—if you start with good hot coffee.

Pre-Cooled Method

1—Make coffee regular strength—one standard coffee measure (or its equivalent, two level measuring tablespoons) of coffee to each three-quarters of a measuring cup of freshly drawn water.

2—Cool in a non-metallic container for not more than three hours or if the container is tightly covered, chill in refrigerator.

3—Serve in tall glass with ice adding simple syrup or sugar and cream to taste.

Quick Method

1—Make coffee double strength by using half the amount of water to the usual amount of coffee.

2—Pour hot over ice cubes in tall glasses. The extra-strong coffee allows for the dilution caused by the melting of the ice.

3—Serve with simple syrup or sugar and cream to taste.

Tropical Iced Coffee

Combine one sieved ripe banana a teaspoon mint extract and two tablespoons heavy cream in a bowl. Add 1 cup double-strength coffee, beat with rotary beater until frothy. Chill thoroughly or pour over ice cubes. (This can all be done in an electric blender without sieving the banana.)

Broadway Frosted

Three cups cold, double-strength coffee, 2 cups chilled milk, 1 cup chilled light cream, 1 pint chocolate ice cream.

Combine coffee, milk and cream. Add ice cream. Beat with rotary beater until foamy. Pour into 8 tall glasses.

BREAKFAST: Orange juice, scrambled eggs with chopped chives, corn bread, butter or margarine coffee, milk.

LUNCHEON: Tomatoe stuffed with cottage cheese and chives, peanuts, sour cream dressing, toasted English muffins, butter or margarine, fresh fruit bowl, oatmeal cookies, tea, milk.

DINNER: Fried fish fillets, fried tomato halves, corn on cob, rice, mufins, butter or margarine, lettuce and cucumber salad, French dressing, blackberry pie, iced coffee, milk.

Farewell Gift For Commander At Legion Meet

Jerseyville—Robert Reese of Jerseyville who is retiring as Commander of the 20th District American Legion, after serving two terms was honored at the District Convention Sunday in Beardstown.

At that time he was presented a leather riding saddle by the Legionnaires. A large number from Worthey Post attended the convention and the Jerseyville Municipal band, with Myrna Kay Scoggins as Drum Major, took part in the parade which climaxed the convention activities Sunday.

Lewis Winters of Beardstown was elected the new 20th District Commander to succeed Reese.

THE COURIER AND T. V. SWALLWELL ARE OLD FRIENDS

"I have been a subscriber to The Courier for 60 years," T. V. Swallwell said in a letter to this newspaper, in which he ordered another year's subscription. He began taking The Courier on Jan. 30, 1892. Mr. Swallwell resides at the I. O. F. Home in Mattson, Ill., his room number being 143.

Although absent from Morgan county, he keeps in touch with local happenings reported in the newspaper. Mr. Swallwell was formerly active in Odd Fellow circles in this community.

Another Judge May Hear Second Murder Trial

Springfield—The second murder trial of Mrs. Clarice Shymansky may be heard before a Circuit Court judge not yet named, it was revealed Wednesday, instead of being tried before Judge R. W. Griffith, of Granite City, who sat on the bench during her first trial, early this month.

The announcement was contained in a letter received Wednesday by State's Attorney George P. Contrakon, in reply to a communication from Contrakon as to how soon Judge Griffith could set the case down for retrial.

Judge Griffith, in the letter, replied that he felt a "reasonably early setting should be made of this case," but added that "in view of the extreme heat that we experienced during the week of the ninth, the earliest setting should not be before September or October."

The Granite City judge's letter went on, "I am not sure whether it will be convenient for me to rehear the case, but it is my present thought to set a date for the hearing at some time in early fall, and if I cannot conveniently hear it, assign another judge to preside."

Appointment of another out of circuit judge to hear the trial would bring to five the total of judges so far concerned, directly or indirectly in the case. Following her indictment for the murder of Beardstown auto dealer Glen Hardwick in her apartment at 2620 Sherwood Ave., last Dec. 16, Mrs. Shymansky's attorney took a change of venue for the case from the courts of Judge L. E. Wilhite and DeWitt Crow, holding that they were prejudiced against the defendant. This automatically placed the trial before Circuit Judge Clem Smith, only remaining judge in this circuit, but Judge Smith disqualified himself in the case, and called in Judge Griffith to hear it.

Following that trial, which began June 9 and ended June 14, the jury reportedly voted 11 to 1 for acquittal of Mrs. Shymansky.

Gooden, Sr. of Waverly and J. V. Gooden, Jr. of Jacksonville attended the 20th district American Legion convention at Beardstown June 22.

Bill Watts was the only one from Waverly that was elected to an office—Senior Vice Commander.

Several from Waverly attended Friends Night of Palmyra Rebebas Lodge Tuesday night. Mrs. Nona Points served as noble grand; Mrs. Fern Meyer as left support to the noble grand and Mrs. Maude Mader as warden. Mrs. Minnie Hankins also attended. There were visitors from

GLASGOW

GLASGOW—Mr. and Mrs. Charles Crum and daughter, Mrs. Don Wolfe, and her son of Wood River, and another daughter, Mrs. Carl Reinold of Detroit, Mich., were Friday afternoon guests of Mr. and Mrs. Alex Young and Mr. and Mrs. Kirt Lettice.

Mr. and Mrs. Noel Dean Lettice and child and Noel Dean's father, Harley Lettice of Jacksonville, called on relatives and friends here Sunday afternoon.

Mrs. Florence Young is attending a summer course for teachers now in session at MacMurray College in Jacksonville.

Mr. and Mrs. William Ritchie, her mother, Mrs. Ona Pope, and Miss Lois Newsham, enroute home to Decatur from a three week auto trip through western states, stopped here briefly Saturday and were dinner guests of Estelle Cowper and family.

Fred Sherwin, who has been making his home with his son, Dr. Charles Sherwin in St. Louis, is visiting here with another son, Jesse Sherwin and family.

Mr. and Mrs. Lennie Evans of Waverly were Sunday afternoon guests of Mr. and Mrs. Carl Wilkin-son.

Miss Terry Ann Jones returned to her home in Galesburg Monday after a month's visit here with her grandparents, Mr. and Mrs. Charles Jones.

PARTY AT CHAPIN
HELD IN HONOR OF
MRS. PAUL SANDERS

Chapin—Mrs. Paul Sanders was guest of honor recently at a pink and blue shower given at the home of Mrs. Astor Wats with Mrs. Floy Wright and Miss Carolyn Watts assisting.

The many gifts for the guest of honor were placed in a beautifully decorated bassinet. Stork contests were conducted and prizes won by

CHEETAH RUNS WILD

GENEVA, Switzerland (P)—There is no law in Geneva against permitting wild animals to roam the streets. The city fathers discovered this loophole recently when they tried to prosecute a woman psychiatrist whose ten-month-old cheetah caused a panic in the principal market place recently.

His owner had been taking him to market at the end of a leash. One official said the law will be amended immediately.

JUVENILE SMOKING CURBED

VANCOUVER, B. C. (P)—City police commissioners recently ordered a crack down on smoking by juveniles.

A federal act of 1908 prohibits smoking by children under 16 and is authority for police to seize cigarettes from youngsters. Storekeepers selling to children without a written note from their parents may also face charges.

Worry of FALSE TEETH

Slipping or Irritating?
Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just apply a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey paste left on teeth or lips. It's all-time (non-acid). Get FASTEETH at any drug store.

Golden Wedding Celebration For Franklin Couple

Franklin—Mr. and Mrs. J. A. Williamson quietly celebrated their 50th wedding anniversary Sunday June 22, with the immediate family and close relatives present. Those attending were Mr. and Mrs. P. M. Wheeler of Monticello, Ill., Mr. and Mrs. Burl Pocock and Mr. and Mrs. George Gaskell of Nokomis, Mr. and Mrs. L. A. Williamson and children

of Champaign, and Mr. and Mrs. Thomas Williamson and children of Bunker Hill, Ill.

Mr. and Mrs. Williamson came to Franklin about 35 years ago and purchased a furniture and hardware store which they operated for several years. He retired from active business 15 years ago, but has remained active in plumbing and other lines and is still an assistant in the C. A. Dawson Company of Franklin.

Mr. and Mrs. Williamson have always been quite active in church work and have a wide circle of friends who wish them well. They have two children, Lloyd who has an insurance business in Champaign.

Visit State Park

Roland Espenscheid, the Franklin high school Agriculture teacher, arranged a touring party for the Advisory Council of the P. F. A. Sunday. They went to Allerton State Park near Monticello. The following people made the trip with Mr. Espenscheid: Mr. and Mrs. Ralph Dahman and children, Mr. and Mrs. Dick Sayre and children, Mr. and Mrs. William Becker and Irene Crawford, Mr. and Mrs. Joe Treat, Mr. and Mrs. Albert Cox and daughter, Mr. and Mrs. Leo Bergschneider and family, Mr. and Mrs. Jerome Langdon and Dicky, Mr. and Mrs. Don Randall and Mr. and Mrs. Lawrence Smith.

Personal Mention

Mr. and Mrs. Lloyd Dahman and Mrs. Christeena Dahman visited Mr. and Mrs. Chris Dahman near Alexander Sunday.

Mr. and Mrs. William Wells of near Winchester were visitors at Mr. and Mrs. Clarence Jewsbury's home Sunday.

Mrs. J. A. Williamson has been quite ill this week. Dr. Johnson is attending her.

Mr. and Mrs. Mrs. Vic Mose-

ley and daughter went to Golden Sunday where they attended the meeting of Mrs. Moseley's sister, Miss Doris Beard. Mrs. Moseley was maid of honor and Mr. Moseley was best man. After the wedding the Moseleys went on to Michigan where he will have charge of a Boy Scout camp for the summer. They will return in time for school in September.

Mrs. Asplund of Girard is visiting in the home of Mr. and Mrs. Otto Spires this week.

Phil Beddingfield and family of Morton, Ill., visited his sister, Mrs. Watson Chance and family Sunday.

ROUND ADOPTS COUGARS

Port Alberni, Canada.—Three cougar kittens orphaned by the gun of hunter Harry Brown have a new mother—one of the hounds which led him to the kill of a female cougar. Brown took the kittens home and one of his trained hounds has adopted them.

EDWARD VIII COIN FOUND

Calgary, Alta. —(P)—A British West Africa one-cent piece—one of the few coins bearing the name of Edward VIII—turned up here. The owner, Duncan Hamilton, claims he has been offered as much as \$50 for it.

TV FOR THAILAND
Singapore.—(P)—A British radio manufacturing company may get the contract for erecting Thailand's first television transmitting station—the only one in Asia.

An American radio firm was also said to be interested in the television contract. The British representative said Thailand had set aside \$600,000 for the project. Work is expected to begin next year.

Teen Age Girl, Woman Nabbed For Shoplifting

Jerseyville — Search warrants for stolen goods were issued here Wednesday morning by Justice A. Thatcher on complaints signed by Mrs. Charlotte Strebel as representative of the Marguerite Shoppe.

The issuance of the search warrants culminated the disappearance of a number of blouses from the Marguerite Shoppe and the tracing of the blouses to several Jerseyville residents.

Sheriff Herman H. Blackbody and Deputy Sheriff Herman Kirchner went to the eastern part of the city where they made their first search. They found two of the missing blouses there and took into custody a 15 year old girl who admitted to the officials that she had been the one who took the articles June 17th from the Marguerite Shoppe. She carried a paper sack into the place with some other items in it and stuffed the stolen blouses into the container.

She named another Jerseyville woman whom she said accompanied her to the store June 17th, and whom she charged also obtained some items there.

A complaint for a search warrant was filed before Justice Thatcher for the residence of the woman named

Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. NO DIET RENDEL RECIPE HELPS MOLINE LADY

"While taking Rendel Concentrate I was able to lose 27 lbs. in just 6 weeks. This home recipe certainly means a great deal to me as you can tell from the number of free bottles I send in for according to your offer on the label. Rendel keeps away the bloating that I was bothered with." So writes Mrs. Alice Williams of 1618 8th Ave.

It's amazing how quickly you can lose unsightly fat at home. Obtain liquid RENDL at your drugist, mix with grapefruit juice or juice of two lemons as directed and take two tablespoonsful twice a day. That's all there is to it. If you do not lose weight with the very first bottle just return it to the manufacturer for your money back. You need never know a hungry moment while reducing with RENDL.

by the girl as an accomplice. A search warrant was issued for the place and another missing blouse was found in a closet of the woman's home.

The woman was arrested by Sheriff Blackbody and complaints were filed charging her with larceny. A similar complaint was filed against the 15 year old girl. The woman arrested is the mother of 5 children, the oldest being 19 years of age. She was divorced recently from her husband who is serving a term at present at the Illinois State Farm in Vandalia.

The 15 year old girl was released on \$500 bond signed by her father for appearance July 3 and the woman in default of bail was committed to the county jail to await a hearing.

Toastmasters Plan Picnic, Outing At Pisgah Farm

The regular meeting of the Athenian Toastmasters club of Jacksonville was held in the County Fair room of the Dunlap hotel Tuesday evening.

Dr. Gerald C. Richardson presided over the business session. Plans for the annual Toastmasters picnic were discussed. Homer Wood, guest and charter member of the club, invited the club to have the picnic at his farm in Pisgah. The invitation was unanimously accepted. It will be held July 8. Chairman for the picnic is Ray Schremp, with John Prickett and Ted Fairburn assisting. Louis Katz was presented as toastmaster of the evening. The speakers and their subjects were: J. Macy Hollowell, "The Gospel According to Dad"; John L. Hadden, "Let's Pack a Lunch"; and Dallas M. Schultz, "I Wish I Knew." Hollowell and Schultz were voted the best speakers of the evening.

The impromptu part of the program was conducted by Herold Swisher. He asked the following members to give three minute speeches: Ted Fairburn, Melvin Akers, Ray Schremp and Ray E. Miller. Judges were Frank Smith and J. Franklin Epler. Grammarian was Dr. L. K. Hallock; general critic, Robert Baughman; and timekeeper, Melvin Akers.

Chapin Locker Plant Saved By Fire Fighters

Fire threatened the Chapin Locker plant Wednesday noon when a large pile of sawdust and logs caught fire from a small nearby trash fire. A stiff wind was blowing at the time, taking the blaze dangerously close to the buildings of the Allen Lumber yard.

Chapin Fire Chief Waters and two volunteer firemen, William Vaniter and Odell Woodward responded to an alarm and quickly extinguished the flames by laying a line of hose from the booster tank on the new fire truck.

A week ago the Chapin volunteer fire department put out a blaze when a bridge on the Wabash railroad caught fire one and one-half miles west of Chapin.

League STANDINGS

Los Angeles, June 26 —(AP)— The first half of the powerful 1952 United States Olympic track team will be chosen Friday in final tryouts in Memorial Coliseum that promise to be as spirited as the games themselves.

The balance of the team will be selected Sunday. Highlights of Friday's program will be the 100 meter dash, 800 meter run and shot put.

The inflexible American Olympic rule prevails—the first three finishers in each event make the team. No exceptions will be made, not even for world record holders.

The 100 meter dash may answer the question whether the United States has found a new "fastest human." Dean Smith, Texas, looks best, but Jim Golliday, Northwestern's

Olympic record of 1:49.2.

In the shot put Jim Fuchs, ex-Yale, holder of the world record at 58-10 $\frac{1}{2}$, battles not only Parry O'Brien of Southern California but also a jinx that has dogged world champions in this event in the Olympics. Fuchs, handicapped by torn ligaments in his right foot, lost to O'Brien in the AAU finals.

O'Brien did 57-4 $\frac{1}{2}$, Fuchs 56-11 $\frac{1}{2}$.

Other finals Friday are the javelin, hammer, broad jump, 400 meter hurdles and 5,000 meter run.

Three of the four close battles are in the American League. Latest returns show Phil Rizzuto, New York Yankees, as the new shorteststop leader by 21,308 votes in his race with injured Chico Carrasquel of the Chicago White Sox. Rizzuto has polled 773,192 votes.

Dodgers' National League lead to three games with a 3-0 victory. Maglie pitched no-hit ball for six innings, yielding singles to Jackie Robinson in the seventh and Billy Cox and Roy Campanella in the ninth.

Back on the beam after a month of disaster, the Giants' ace moved down the league-leaders through the first six innings as though he meant to match Carl Erskine's recent no-hitter.

Athletics Score 4-2 Exhibition Win Over Phils

Philadelphia, June 26.—(P)—Home runs by Gus Zernial and Ray Murray helped the Philadelphia Athletics score a 4-2 victory over the Phillies in their annual mid-season charity game here tonight. Both the circuit clubs came with the bases

empty.
Zernial hit his first starter Howie Fox in the second inning while Murray clouted his off reliever Steve Riddick in the eighth frame.
The Athletics' other tallies came in the third on Ferris Fain's two run single.
Bobo Newsom yielded both the Phils markers when Del Ennis singled with the bases loaded in the third.

Archie Moore Decisions Henry

Baltimore, June 26 (AP)— Archie Moore, the old brushed-off light heavyweight contender, stepped up and knocked off one of the ranking heavyweights, Clarence Henry, by an unanimous decision tonight.

The reputed thunderbolt of the 24-year-old Henry, fifth ranking heavyweight, never once struck during the 10 rounds before 7,000 fans in Memorial Stadium.

Instead, it was the 35-year-old Moore, who shot the hard ones all the way while Henry had to take oxygen from a tank in the 91-degree heat.

Giants vs. Cardinals

The Cardinals pulled one out of the hat yesterday evening when they thrashed the Little League leading Dodgers 13-0.

The Redbirds wasted no time getting the jump on the leaders. They scored two runs in the opening inning, then followed with a pair in the second, three in the third and wound up the parade by slugging six tallies across in the

lyman and Brennan pitched for the Dodgers but couldn't stop the flood of hits that rattled off Cardinal bats to the tune of "13."

Barber went the route for the Cardinals, pitching a smooth fourth shut-out.

Afternoon results: Tigers 15, Athletics 1; Indians 13, Red Sox 12; Yankees 9 Browns 0.

Summer Recreation Program To Start At Winchester

Winchester—The summer recreation program for the city of Winchester, sponsored each year by local organizations, will begin its activities Monday, July 7. The program will continue for six weeks and will be under the direction of Mrs. Margaret Wilsey, Dale Pittenger, who organized the program and directed it for the past three summers, was unable to take charge of this year.

Mrs. Wilsey, who is employed at the local high school during the school term, has outlined a very interesting program for this year. All boys and girls in the Winchester area who attended the elementary school during the past year are eligible to participate. Enrollment and organization will begin Monday at 9 a.m. at the Winchester elementary school grounds.

The program is sponsored this year by the Winchester Chamber of Commerce, Julian Wells post of the American Legion and the Winchester Kiwanis club. The committee in charge of the program includes M. F. Fullmer, chairman, B. F. Walker and L. Allan Watt.

All children who attended the elementary school during the past year are urged to participate in the program.

Receives Head Injury

Sam Welch, who is employed at the Taylor Motor & Implement company of Winchester, received a deep cut just behind his left ear Tuesday when the jack slipped while he was working under a car. He was taken to Our Saviour's hospital in Jacksonville for treatment and was permitted to come home.

Personals

Mr. and Mrs. Richard Blackburn and daughter, Monie, and Mrs. Blackburn's father, Sam Newton of White Hall, returned recently from a trip to Lewiston, Idaho. Judy Allen, niece of Mrs. Blackburn, came with them to visit for the summer.

Mr. and Mrs. Mark Peak went to Kansas City Thursday to attend the wedding that evening of Miss Gayle Grey to Bernard Gill of St. Louis. Miss Grey, who owns the horse Hollis Spirit, trained by Mr. Peak, has been a frequent visitor here.

Those attending the Republican convention in Springfield on Monday were Fritz Haskell, Eddie Kue, Homer Grady, Mrs. T. J. Dugan and Mr. and Mrs. Ralph Peak.

Mrs. Louis Hieronymus entertained a few friends at a 1:30 dessert bridge on Thursday honoring Miss Elizabeth Giossop.

Miss Henriette Hainsfurther will leave early Friday to attend the wedding that day in Davenport, Ia., of her nephew, Alan Landauer, to Miss Marlene Hackner, also of Davenport. Mr. Landauer, the son of Mr. and Mrs. Norman Landauer, is stationed with the Navy in Washington, D. C.

Mrs. Anita Riddell of Memphis is here visiting her daughter, Mrs. Wallace MacMullen and family. Her grandson, John MacMullen, returned here with her.

Irvin J. Green, White Hall Lawyer, Expires Thursday

White Hall—Irvin J. Green, local attorney, died at 4 p.m. Thursday at Blessing hospital in Quincy after being stricken with a heart attack Tuesday evening.

He had been in his office as usual Tuesday morning.

Green was 70. He was born Jan. 9, 1882, a son of Rev. and Mrs. J. T. Green. Meta Chapin became his wife at White Hall April 9, 1907.

In later years he was in the banking business at Rock Island, Davenport, Iowa, and St. Louis. While at St. Louis he was connected with the R.F.C. After his retirement he taught banking for a time.

He moved to White Hall five years ago and became a practicing lawyer.

The decedent was a member of the Illinois Bar association. Active in civic affairs here, he belonged to the Township Library board. He was teacher of the 50-50 class of the First Baptist church.

Surviving are his widow; one daughter, Mrs. Lawrence Meyers of Quincy; and four sons, Judson C. Green of Quincy, Donald of Columbia, Mo., Robert of St. Louis and Richard, with the armed services at Norfolk, Va.

He also leaves two brothers and four sisters, Elbert Green and Misses Inez and Mabel Green of White Hall, Mrs. R. A. Hamilton of Jacksonville and Mrs. James Webb and Homer Green, both of Fresno, Calif.

The body was removed to the Dawdy Funeral Home. Funeral arrangements are incomplete.

Overseas Wives Feted By War Dads And Auxiliary

Overseas wives were guests of honor at the meeting of the American War Dads and Auxiliary held Tuesday evening at the Legion Home. The seven honored guests, formerly known as war brides, all came from foreign countries.

They are Mrs. Kenneth Williams, whose former home was in Italy, Mrs. Willy E. Boston from the Philippines, Mrs. William Quinlan from Puerto Rico, Mrs. Edward Sieberman from South Wales, Mrs. Charles Hopper from Panama and Mrs. Wilmer Everett and Mrs. James Goodin, both from England.

Three husbands accompanied them to the meeting, Kenneth Wilson, William Quinlan and Edward Sieberman.

The program was arranged by Mr. and Mrs. Rollin Hart and Mr. and Mrs. Oliver McElrath.

Group singing was followed by the appearance of a trio of vocalists from Normal University, Eileen McElrath, Lillian Fitzsimmons and Mary Schreckengost. They sang several selections.

Wallace T. Hembrough in an informal talk welcomed the guests, explained the activities of the War Dads and Auxiliary, and invited the overseas wives to attend their meetings at any time. Hembrough is treasurer of the War Dads.

A social hour and refreshments followed the program.

When the joint organizations separated for their business sessions, the Auxiliary elected officers.

Mrs. William Fanning was chosen president; Mrs. Roy Newberry, first vice president; Mrs. Eula Bland, second vice president; Mrs. Nina Abbott, treasurer; Mrs. G. A. Bennett, historian; Mrs. Sarah Scribner, chaplain; and Mrs. William Wolke, sergeant at arms.

Four delegates and four alternates were elected for the state convention, to be held July 26-27 at the Pere Marquette hotel at Peoria.

The delegates are Mrs. William Fanning, Mrs. Eula Bland, Mrs. Sarah Scribner and Mrs. Thomas Rub; the alternates, Mrs. Eula Leigh, Mrs. Amelia Losch, Mrs. Harry Smith and Mrs. William Graubner.

Charles Thompson, Dixie Henderson Wed at Camp Cooke

Virginia—Announcement has been received of the marriage of Pfc. Charles "Chuckie" Thompson, formerly of this city, and Miss Dixie Henderson of Beards-town, at Camp Cooke, Calif. The ceremony was performed by the chaplain.

The couple were attended by Lt. and Mrs. Henry Druve of Beards-town.

The bride wore a white suit and her corsage was of white roses. Her attendant wore a navy suit and a corsage of red roses.

After the ceremony, a reception was held in Company F dining hall and the company cook surprised them with a wedding cake.

The bridegroom is the son of Mr. Robert Matthew of Bluff Springs. The bride is the daughter of Mr. and Mrs. A. Henderson of Beards-town.

Honored At Shower

Miss Phyllis Widmayer and Mrs. Joan Bateman were hostesses at a shower Wednesday evening at the home of the former, in honor of Mrs. Ruth Jones of Carrollton, the former Ruth Jones of Carrollton, who was held at Anderson of this city.

Contests were held and prizes won by Miss Carmen Shultz, Mrs. Ann Yates and Miss Phyllis Harrison.

Those present included Misses Janice Burton, Mildred Anderson and Mesdames Ann Yates and Doug, Mary Jean Davidson, Norma Louf, Delores Wheeler and Edna Anderson.

Caterpillar Plant To Go On 3 Day Week; No Steel

Peoria, Ill., June 26.—P—Caterpillar Tractor company's 27,000 employees will go on a three-day work week July 21 because of shortages caused by the steel strike. Vice President H. F. Eberhard announced today.

Eberhard said that even if the steel strike ended immediately shortages of some kinds of steel would exist for several weeks. The short work week will take effect after the company's July 4-21 vacation period.

The Caterpillar company makes tractors and is working on some defense orders.

Five Candidates For Governor Of Girls State

Setting some kind of record for candidness in this political year, one of five candidates for governor at Girls State told her audience last night, "I'm scared." The other four candidates for nomination on the "Federalist" and "Nationalist" party tickets presented more normal claims on the attention of 420 voters who composed the conference at MacMurray College.

The two political parties, which the directors of Girls State are careful to point out have no connection whatever with the Republican or Democratic parties, will choose their candidates for both "state" and "county" offices today. The general election will take place Saturday morning.

At a general assembly last night in Annie Merner chapel all of the candidates were introduced to the electorate and those who are running for governor and lieutenant governor made short speeches.

Petitions of candidacy were circulated yesterday at the conference entered its third day of deliberations.

Present governor and presiding over activities thus far is Miss Judy Harrison of Beverly Hills, Ill. She was elected last year.

Austrian Girl
Among the 420 Girl States this year is the normal quota of girls with unusual backgrounds. One is Miss Helen Weiss, who was elected mayor of one of the 24 "cities" which compose the conference. Right now she is attending the Olney high school, but her home town is Werfen, Austria, where her father is a weaver.

Miss Weiss is in this country under a program formulated and managed by the U. S. State Department by which 500 German and Austrian students each year are invited to attend the public schools in this country. The students arrive the latter part of August and return to their native lands shortly after the end of the school year.

This is one aspect of the State Department's Americanism program. Students selected to come to America are chosen on the same basis as delegates to Girls State. They must show superior scholarship, leadership, honesty, courage and enjoy good health.

Asked by her fellow students in the Austrian commercial high school she attended had selected her to come to America, Miss Weiss replied, "In my country students don't vote."

"Boys Are Boys"
She was also asked to compare the high school boys of this country with those in Austria. Are American boys more courteous and considerate in their treatment of girls? Her tactful answer was, "boys are boys."

Another unusual member of Girls State is Miss Shafiea Daultel, who came to this country in 1949. Her mother was a teacher in Manchuria, where Miss Daultel was born. She came to the United States after living in Korea and Hawaii.

She now resides in Chicago. She speaks three languages in addition to English and understands three more. Her ambition is to be a foreign correspondent.

Macon Man Seeks Northern Cross Railroad Lore

A Decatur man interested in the lore and history of the Wabash railroad seeks help.

In a letter to the Jacksonville Journal Courier the inquirer states he's "heard a rumor that a barn near Jacksonville was sort of bound together with old strap rail from the old Northern Cross railroad, the 1837 nucleus of the Wabash."

No one around the Journal Courier knows anything about the barn. Any information concerning it would be appreciated by both the paper and the railroad enthusiast.

The Northern Cross was the first railroad line built in Illinois. It ran from Springfield to Naples, where it connected with the steamers of the Naples Packet line. Originally the Jacksonville tracks ran along Central street, with the station in Central Park.

Later on, when the Wabash acquired the line, the tracks were moved northward to their present location.

Several persons in this area possess scraps of iron which they believe were once Northern Cross rails. Few of the souvenirs resemble each other. They range from thin to thick sections of metal that were evidently used to surface wooden spalls.

Any information concerning the barn will be relayed to the Decatur inquirer.

Nuptial Shower At Nortrup Home Near Meredosia

A pre-nuptial shower honored the former Miss Rosella Fuelling, who became the bride of Ellis Vanderpool Sunday, June 22, at the home of her aunt, Mrs. Oscar Nortrup on Tuesday, June 17, at her home on the Bluffs rural route.

A gaily decorated umbrella was suspended above a table decorated in pink and white and holding many gifts for the bride to be who opened her packages and displayed the gifts. Assisting the hostess Janell Fuelling who conducted games served refreshments which consisted of strawberry sundaes, white cake, minis and punch. Also serving refreshments were Glenna Russwinkle, Josephine and Louella Fuelling, Mrs. Frank Butcher, Mrs. Harry Magitz, Mrs. Charles Leonard and Lorene Russwinkle. The Nortrup home was beautifully decorated with garden flowers.

The guest list included Mrs. Orville Hull, Mrs. Louis Fuelling, Mrs. Henry Alborn, Mrs. Walter Clark, Mrs. Leon Knight, Mrs. Melba Lacey, Mrs. Lawrence Pricke, Mrs. Jude Staake, Mrs. Joy, Mrs. Muriel Franklin, Mrs. Frank Butcher, Mrs. Charles Leonard, Mrs. Henry Meier, Mrs. Virgil Russwinkle, Mrs. A. F. Meier, Mrs. Arthur Ehler, Mrs. Edward Rausch, Mrs. Harry Magitz, Miss Lorene Russwinkle, Marlene Franklin, Alvina Liere, Glenna Russwinkle, Josephine, Janell, Lenella and Ruth Ann Fuelling.

Sending gifts but unable to attend were Mrs. N. A. Schroeder, Mrs. George Russwinkle, Leila May Franklin, Mrs. Howard Tegeder, Mrs. Ruth Berghaus.

Entertain 4-H Club June 25 At Judy Black Home

The Asbury girls 4-H club met Wednesday evening, June 25, at the home of Judy Black with the meeting being called to order by the president, Elizabeth Suttles.

The 4-H pledge was led by Kathleen Gaines and roll call was answered by giving a safety measure one has to do on their project.

The announcement was made that members of the club and their mothers would be guests July 10 of the Asbury Home Bureau meeting to be held at the Asbury church. On the project Joyce Cruzan gave a talk on choosing clothes best suited to the individual and on flower containers. Twyla Brown and Alice McNeely spoke on general equipment for canning. A safety talk was given by Kathleen Gaines. Fun in the water was discussed by Nita Rose Brown. Protection from polo was the subject of Mary Fitzsimmons and making cookies by Barbara Suttles. The story of My Old Kentucky Home, the song, was given by Carol Hembrough. Coriolita Horner told the story connected with the song, The Desert Song.

A demonstration on tying knots and threading needles was given by Barbara Suttles. Alice McNeely spoke on Abraham Lincoln. Banana bread, made by Mary Fitzsimmons was served to the group. Judy Black played a piano solo.

The next meeting will be held July 18 at the home of Shirley and Coriolita Horner.

RUSSIA'S AIM: BALTIC SEA INTO SOVIET LAKE — The recent shooting down of two Swedish planes by Russian jet fighters underlines the long-reported efforts of Russia to turn the Baltic Sea into a private Russian lake. Latest of these reports comes from a Hamburg, Germany, newspaper, which says the Russians are constructing a tremendous "Stalin Wall" (dark-shaded area) of military and naval bases along the coast east of Germany. The Russians have also declared that Soviet territorial waters extend for 12 miles, in contrast to the internationally accepted three-mile limit.

Couple United By Father Of Groom

Rev. Roy Goodell officiated at the wedding Sunday at the First Baptist church in this city when Miss Mary Isabel Worrall became the bride of his son, Kenneth Warner Goodell. Rev. Clair Malcomson, pastor of the church, assisted.

The bride is the daughter of Mr. and Mrs. J. G. Worrall, 876 Route street and the bridegroom's parents, Rev. and Mrs. Goodell reside at Blandenville, Ill.

Preceding the ceremony Miss Shirley Yeakel of Bloomington sang "O Perfect Love" and "The Lord's Prayer" accompanied at the organ by Miss Mahala McGeehe. David Goodell brother of the bride, played a flute solo, "Liebestraum."

Miss Jean Hess of this city was the bride's only attendant. Little Anna Mae DeGroot, cousin of the bride, was flower girl and wore floor length green organdy with a matching headpiece and carried a nosegay of pink and yellow roses. The small nephew of the bride, Jesse Grogan, was ring bearer and wore a white suit to carry the betrothal rings on a white satin pillow.

John Dolan of Springfield was the best man. Ushers were Gerald Worrall, brother of the bride, David Goodell, brother of the bridegroom, John Grogan, brother-in-law of the bride and Joe Shine of Bloomington.

Wears Nylon Organdy and Lace.
The bride wore a personally styled gown of white nylon organdy and lace over taffeta. The sculptured bodice was of lace with a deep scalloped organdy yoke contrasted by a stand-up lace collar and lace bands at the sleeve line. The full gathered organdy skirt fell floor length. She wore lace mitts forming points over her wrists. Her veil was of bridal illusion, bordered in matching lace and secured to a tiara of seed pearls. On her white Bible, the gift of the bridegroom, she carried a corsage of pink roses streamered with pink ribbon.

Miss Hess wore apricot colored imported organdy over white taffeta. The floor length gown was strapless and worn with a small bolero. She carried a bouquet of talisman roses tied with blue ribbon. Small apricot colored mitts completed her costume.

Reception at Church
A reception was held in the church basement where the colors of pink and green were beautifully carried out in decorating the serving table. Bands of fern laid from opposite corners crossed in the center of the table and were spaced with pink roses. On either section of the table was a large punch bowl and centered was a beautifully decorated four-tiered cake. Mrs. Perry Roberts and Mrs. Andrew Caraker poured the punch and cake was served by Miss Mary Jane Eck and Miss Donna Lael. Miss Carol Taylor registered the guests. For her daughters wedding and as hostess at the reception Mrs. Worrall wore a two piece pink linen dress with black accessories and a corsage of white carnations.

Paul Revere was the first president of the Boston Board of Health.

Newcomers Club Family Picnic To Be July 26

At the regular dinner meeting of the Newcomers club held at 6:30 p.m. Wednesday at the Southern Air cafe a general discussion was held and final plans made for a picnic to be held July 26 at Nichols park. Members and their families will attend and meet at the park at 5:30 p.m. Families attending are to take sandwiches, covered dishes, own beverages and table service.

Hostesses at the meeting Wednesday were Mrs. Sidney Weseman and Mrs. James Smarjesse. The tables were attractively decorated with red, white and blue drums and small American flags.

After the regular meeting dummy bridge was played with prizes going to Betty Burke, Beverly Abbott and Carolyn Kurtzich.

During the business session of the meeting the club president, Mrs. V. O. Bloxam presided and welcomed the immediate new comers at the meeting and invited them to become members of the club.

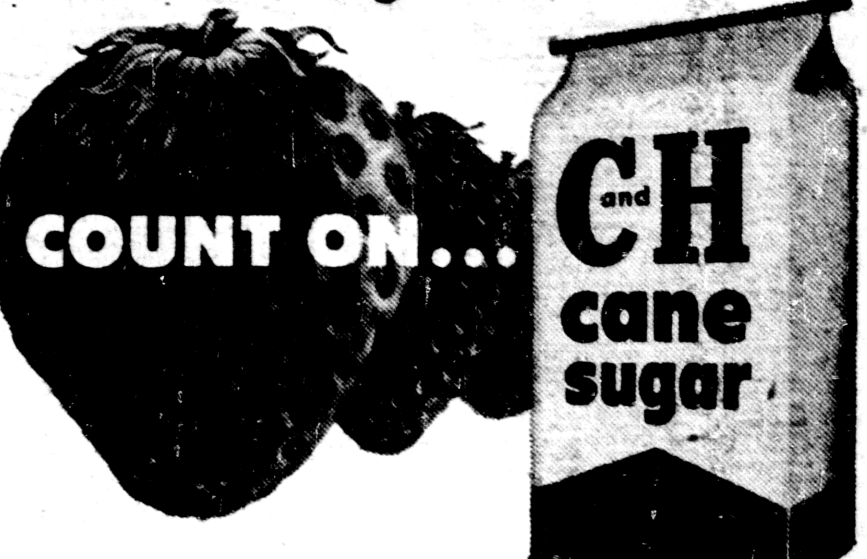

Also during this time Mrs. Paul E. Grabbil who represented the club at

a recent meeting of the City Council, when the problem of garbage and refuse disposal was discussed, gave a report on the meeting.

"These Boys Are Having A Time"

Three boys who completed the eighth grade this spring at the South Jacksonville school are touring eastern states with one of their teachers as driver and chaperon. They are shown in a "little red plane" that flies 150 miles an hour just after they landed from cruising over the Atlantic ocean and Nantucket Island. In the plane are Dick Sellers, Wilson Birdsell, and Dick Reynolds, the students who are seeing many places of interest this month. Mrs. Jane Wright Murgatroyd, a member of the South Jacksonville school faculty, is supervising the trip.

The plane in the picture is piloted by Tom Giffin, a former Jackson-

ville man, now with the Northeast Airlines. Mrs. Murgatroyd and the boys visited Mr. and Mrs. Giffin at their summer home on Nantucket Island, Mass. Mrs. Giffin is the former Florence Ritchie of Jacksonville.

OIL HUNTING IN SWITZERLAND

Bern, Switzerland.—(P)—The Swiss federal government has warned cantonal authorities that they must grant no oil concessions to foreign companies which would prejudice Switzerland's national independence or neutrality.

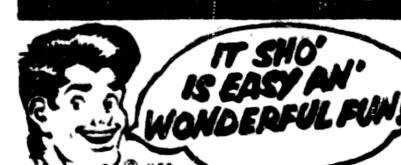

Foreign oil companies have been authorized by various cantonal governments to prospect for oil deposits in the shale strata along the southern rim of the Jura Mountains.

WAVERLY WOMEN AT COUNTY OES PICNIC

Waverly—Mrs. Mary Thomas, Miss Norma Scribner, Mrs. Fannie Challans, Mrs. Doris Redfern and Miss Ruth Walters attended Morgan County Past Noble Grand picnic at Nichols park Tuesday night. Mrs. Thomas was the President for 1952 and Mrs. Fannie Challans and Miss Ruth Walters were on the program committee. There were 24 in attendance and at the election those from Waverly appointed to committees: Chaplain Mrs. Fannie Challans and Program committee, Ruth Walters and Norma Scribner.

40th Anniversary Of Club Celebrated At Waverly Meet

Waverly—The Country Club of Household Science met in the Methodist church parlors recently for a potluck luncheon and a meeting at 2 p.m. which was a celebration of the 40th anniversary.

The president, Mrs. Freeman Vaughan, presided. She called on Mrs. Emma Calhoun of Franklin, who told of helping to form the club, as county organizer 40 years ago on Nov. 12.

Reminiscences of charter members followed, given by Mrs. Bertha Burns, Miss Katherine Osborn, Mrs.

Jessie Duewer, Miss Eunice Van Winkle, Mrs. Maude Harris, Mrs. Ella O'Heren, Mrs. Edna Keplinger and Mrs. Kate Parkinson, and of former members, Mrs. Roy Hicks, Mrs. Lucille Davenport, Mrs. Mabel Prickett.

Guests of the club were Mrs. Pearl Brown, Marion Smart, Ann Vaughan, Tommy Hall, Ruth Walters and Mrs. Emma Calhoun.

A poem, "To My Pal," written by Mrs. Maude Baldwin, was read by Mrs. May Jarrett. A reading, "The Joys of Ill Health," was given by Mrs. Bert Mitchell. The history of the club was related by Mrs. Maude Harris.

Mrs. Smart read letters received from former members, Mrs. Nadine Harris Luebers, Mrs. Mae Davenport, Mrs. Eva Holliday, Mrs. Ella Burnett and Mrs. Mae Smedley, who could not be present.

Of the 26 charter members 12 have died, 10 resigned. The following, still members, were present for the anniversary meeting: Mrs. Edna Keplinger, Miss Katherine Osborn, Mrs. Kate Parkinson and Mrs. Maude Harris.

Mrs. Ethel Lowery served as chaplain at advance night of Lalla Rookh chapter, Order of Eastern Star, Friday night. Others attending the meeting were Harold Lowery, Ruth Walters, Mrs. Marie Wise, E. H. Wise, Mrs. Maude Baldwin and Mrs. Thelma Deatherage of Waverly and Mr. and Mrs. Mendell Baldwin of Chicago.

CHANDLERVILLE MAN PROMOTED IN KOREA

Chandlerville—James R. Snyder, whose wife the former Marjorie Armstrong and parents reside in Chandlerville, has been promoted to Sergeant while serving with the 44th Engineer Construction Battalion in Korea.

The 44th, which has been in Korea since 1950 is responsible for maintaining the supply for front line troops. The battalion recently received the Meritorious unit commendation for its work in Korea.

Sgt. Snyder, a plumber in Company B, entered the army in December of 1950 and arrived in Korea in May of 1951. He attended the Chandlerville high school and was employed at the saw mill before his induction.

Only the tips of stems on New Zealand spinach should be cut for use. New tips will grow, so that a few plants will supply the average family with greens all summer.

Willing Workers Conclude Season At Neelyville

The Willing Workers society of Trinity Lutheran church, Neelyville, held its last meeting of the year on June 19 with 21 members. Rev. John Deterding, Sr. and the following guests, Mrs. John Deterding, Jr., Katherine and Jane of White Bear, Minn., and Jimmy Engelbrecht and Dannie Dickens, present.

The retiring president, Lois Knoepfel, thanked all for their cooperation and as tokens of her appreciation presented a china cream and sugar set to each officer who had served with her during the past three years. Edna Engelbrecht, vice president, Anna Vortman, secretary, and Elsie Rebbe, treasurer.

She gave a china figurine to each member who had served on a standing committee during the past year, quilting, Flora Pahlmann, Anna Lovekamp; flower, Doris Vortman, Emilee Rolf; This Day magazine, Salome Deterding, Bertha Pahlmann; and to Rev. John Deterding, helper and counselor.

She presented a china plate portraying "The Last Supper" to Clara Lovekamp and Elsie Rebbe for perfect attendance during the past year. She then turned the meeting over to the newly elected president, Edna Engelbrecht, who gave out the programs for the ensuing year. Other officers recently elected are Mary Hurrebrink, vice president, Doris Vortman, secretary, and Eleanor Engelbrecht, treasurer.

The following committee was chosen to buy new flags for the church: Anna Lovekamp, Lois Knoepfel and Salome Deterding. It was voted to hold some all-day meetings soon to provide quilts, embroidery and other handwork for the coming picnic.

Freda Lakamp and Marie Schwagmeyer, hostesses for the day, served refreshments.

WEEK-END VACATION FROM HOMEWORK

Richmond, Va.—(P)—The seventh grade kids at the Glen Lea School are the subject of an experiment they like—no homework on week-ends.

The teacher also asked them to write what they thought of homework. Some of the pupils could see the sense in homework but others felt like this:

"It is not healthy to work your brain too long at one time."
"Homework is stressed so that most children despise it simply because there is no end to it."
"Homework stinks."

CIVIC COUNCIL AT CHAPIN PLANNING ICE CREAM SOCIAL

Chapin—At the regular meeting of the Chapin Civic Council members decided to have an ice cream social on Saturday, June 28 at the recently restored Town Hall lot.

The committee to make all arrangements includes Mrs. Richard Wilson, Mrs. Junior Goffinet, Fred Schultz, Alvin Weber, Mrs. James Anderson, Mrs. Verne Smith, William Fisher, Warren Joy, Eugene Clark and Mrs. Alden Allen.

The high school band will play during the social hours. The club is also sponsoring free swimming lessons during the summer.

BLAZE GETS PERSONAL ATTENTION
Dillon, Mont.—(P)—Firemen who were summoned to a motel to fight a blaze made the run for nothing.

Off duty, assistant fire chief Ken Kenison had controlled the flames. He owned the motel.

National Youth
Official Visits
At Carrollton

Carrollton—The Rev. Maurice Bone of Philadelphia, the head of the National Youth Department of the Presbyterian church with offices in Philadelphia visited the local Presbyterian church and friends here Sunday. The Rev. Bone also writes the articles for the Forward Youth Magazine which is used in the local Presbyterian church. He was especially interested in the local Presbyterian church as his grandfather had been pastor here in 1880. The Rev. Bone was accompanied to Carrollton by his wife and they were enroute to St. Louis to inspect a youth center there from Prairie City where they had been guests of the Rev. Bone's parents, Mr. and Mrs. C. D. Bone. While in Carrollton they were guests of Mrs. L. A. Dickson.

Jolly Mixers Hold
Social, Program
At Nortonville

Nortonville—The Jolly Mixers 4-H club held an ice cream social and program at the Nortonville hall recently.

A quiz show, under the direction of Mrs. Herbert Clayton, was conducted before the program. Group singing of "Four Leaf Clover" opened the program. Other numbers included in the program were "Harbor Lights" by Mary Wells, Roger True and Jimmy Clausen; piano duet, "School Days," by Donna Jones and Terry Chaudoin; reading, "She Powders her Nose," by Mary Wells.

A comedy team, "Mike and Ike," by Jimmy Clausen and Darryl Seymour; piano solo, "Magnolia March," by Lucy Robinson; reading, "Practicing Time," by Mary Wells; song, "Bell Bottom Trouser," by Shelby and Anna Belle Starner, JoAnn Knapp and Sandra Koehler; song, "Mocking Bird Hill," by Sarah Wells and Mary Ellen Starner; baton twirling by Judy Clausen, accompanied by Gilman Robinson at the piano.

Billy Vedder was awarded the door prize.

The Jolly Mixers held a meeting at the home of Sandra Koehler Friday. After the hostess led the 4-H pledge, Jimmy Clausen spoke on "Easy Ways to Operate Machinery." Group singing preceded a piano solo by Mary Wells.

Games were played and Jerry Mulquin was awarded a prize. Refreshments of doughnuts, ice tea and candy were served.

The next meeting will be held June 27 with Lucy Robinson as hostess.

PICNIC WILL HONOR
FORMER GREENE CO.
ASSISTANT ADVISOR

Carrollton—Lauren Berger, who is completing his work here as Greene County Assistant Youth Adviser in the local Farm Bureau office as of July 1 will be guest of honor at a picnic Friday evening at the Carrollton City Park.

The picnic is being planned by the staff members and office personnel of the Greene County Farm Bureau and the Greene County Service Company offices. Berger resigned to engage in farming with his father at Trenton, Ill.

School Trustees
In Greene Co. To
Meet On July 7

Carrollton—An organization meeting of the Greene County Board of School Trustees who were elected in the primary election held in April, will be held Monday night, July 7 in the office of G. W. Lowe, county superintendent of schools.

The duties of the county board of trustees are to handle boundary changes that are now under the jurisdiction of the county judge and to provide money and property of all the school districts whose boundary lines were changed by annexation.

The members of the county board are G. L. Rose and Kenneth Davis of White Hall; Lloyd McLane and Dr. C. E. Whiteman of Carrollton; Paul Brown of Kane; Dean Morrow of Athensville and A. Ross Manning of Roodhouse.

PATTERSON

Patterson—Mr. and Mrs. Harold Bain and family of Granite City spent the weekend with Patterson relatives.

Mrs. Gertrude Springgate entered Our Saviour's hospital in Jacksonville Sunday for observation and treatment.

Lloyd Anderson of Calio, Mo., was a Monday evening supper guest of Mr. and Mrs. Everett Taylor and son, Glenn.

Mrs. Pearl Seely has returned from Los Angeles, Calif., and will spend the summer months at her home west of White Hall. Harold Wilkinson and Mrs. Alta Young visited her and Mr. and Mrs. Ray Westerhold and sons Sunday evening.

Mrs. Geraldine Bowen and son, Gerald, of White Hall visited from Wednesday until Friday with Mr. and Mrs. Buford Dawdy and family.

Mrs. Lennie Bell of White Hall spent Tuesday with Mrs. Earl McEvers and son, Stanley.

The Antarctic continent is almost as large as South America.

Death in the Sierras

By Boris Hudson Moss

Journal, came up here on a fish-
ing trip," David explained. "A
guide told him the story. He wrote
it up and sent Miss Curtis up here
on a vacation so that if a story of
treasure hunting should break, she
would be on hand. She knew noth-
ing of all this. I, as you know,
am a Federal man, Sam. Our office
saw the story about gold; also the
state police had notified us that
they had received word of threat-
ening letters being sent to Miss
Martinson who was buying this
parcel of land. There was evi-
dently some truth to this gold
yarn and it became my business to
investigate. I certainly did not
guess that the situation would pre-
cipitate a murder.

"Elsie Martinson was trying to
buy the Lake land from the Sacra-
mento bank. Miss Martinson had
managed a resort in the Maine
woods. Mr. and Mrs. James had
failed to make good for money
borrowed from the bank and so
foreclosure ensued. Is that true,
Mrs. James?"

"She flushed a painful red and
nodded as her eyes filled with
tears.

"James wrote letters to Miss
Martinson, hoping to intimidate
her, until he found the treasure.
But he couldn't find the treasure,"
David continued.

"Then James had another idea.
He went to the University to see
Professor Ordell to tell him of the
situation and to ask help in hunt-
ing for the treasure. You probably
know that Ordell is a geologist."

"He told me absolutely nothing
about the letters," broke in the
Professor.

"I'm sure that he didn't. But you
agreed to come to the Lodge and
help for the money. I'm not ac-
cusing you, Professor."

"David continued. "Unfortu-
nately Miss Martinson's death was
promoted probably by an afflic-
tion. She was very hard of hear-
ing. When she told the state police
about the letters, they told her to

wait for an escort when she went
to the Lodge. She evidently mis-
understood and she started out
alone, reaching the high moun-
tains well after dark. We know
that she drove safely as far as
Horseshoe Springs where she
bought some gas and asked the
way to Gold Lake from old Jim.
Half an hour later Sergeant Dun-
can and Officer Marguard who
patrol that stretch of highway
found her murdered in her car.

"Within a short time Miss
Curtis arrived at Horseshoe
Springs in her green coupe. It
seems fantastic that both she and
Miss Martinson should both drive
similar cars and that both should
have red hair, but such was the
case. However, Miss Martinson
was in her fifties and Miss Curtis
is still in her twenties and differ-
ent in all other ways. Jim hesi-
tated about coming out of the
house after the murder only a
short time before but when he
heard a woman's voice, the kind
old man wanted to warn her.
When he saw Miss Curtis by the
dim light of the electric lantern he
carried, she frightened him thor-
oughly. Her red hair and green
car were too similar to the mur-
dered woman's. Then the rifle shot
put an end to any warning he
might give her. But the shot was
not really intended for you, Rose-
mary, it was intended for Jim
Loomis."

"Not for me?" I gasped.
"No, you were quite harmless in
the eyes of the person who held
that rifle. Jim believes that he
sold the shell that killed Elsie
Martinson. Together with the
coroner, the officers removed the
bullet from the body when they
reached Blue Valley. Is that true,
Duncan?"

"Yes, the bullet had been dis-
turbed. The murderer probably
tried to dig it out, but was scared
off. It was a 30-30 shell, the kind
Jim sells. And it'll probably work
out that it was fired from the rifle
found in the barn loft this morn-
ing. Our ballistics men will be
able to tell."

AUDUBON CLUB GETS NINE MILLIONTH MEMBER

NEW YORK AP—Nancy L. Bliss,
a sixth grade pupil at Bedford Hills,
N. Y., is the nine millionth member
of an Audubon Junior club in this
country.

These clubs, first formed in 1910,
now number 10,000 and are formed
in all grades from kindergarten
through high school.

Since they were started, nearly
all birds in the United States have
come under the protection of state
or federal laws.

WHEAT TEST DEVELOPED
RALEIGH, N. C. (AP)—A test has
been developed to see whether
wheat is dry enough to combine or
store, says John Curtis, marketing
specialist for the North Carolina
State College extension service.

To make the test, place a sample
of the grain in a small glass bottle
with some ammonium chloride,
make the bottle airtight by closing
securely, and shake the bottle 50
times. If the ammonium chloride be-
comes damp, the grain is too wet to
store safely.

The new method was worked out
by Prof. S. T. Dexter of Michigan
State College.

MOLE CONTROL TIP
NEW HAVEN, Conn. (AP)—The best
way to get rid of ground moles is to
kill the white grubs on which the
moles feed, says John C. Schread,
entomologist at the Connecticut
agricultural experiment station.

His tests have shown that either
chlorane or DDT applications are
effective in controlling the grubs.
Moles cannot survive long without a
constant food supply, he said.

**STUDENT BLAST
BREAKS WINDOWS**
BUTTE, Mont. (AP)—A dynamite
blast was scheduled to be touched
off at 7 a. m. recently to signal the
start of this year's annual "M" day
at Montana School of Mines.

But students rigged an unsched-
uled blast at 2:30 a. m. It broke 40
panes of glass in the gym, 30 more
in the home of school president J.
Robert Van Pelt and lesser num-
bers in two more residences.
The normal blast was touched at
7. It caused no damage.
